

Phase 9 - Launch

Time	Start date	Finish date	Status
1 week			Not started

Goal: Put EventHub online and present it to the world.

Real-life example: The grand opening of the restaurant - invite people, take photos, tell everyone.

Step checklist

#	Step	Done
1	Deploy the backend (Render or Railway) with a managed MySQL database	☐
2	Deploy the frontend (Vercel or Netlify)	☐
3	Set environment variables for secrets (JWT key, Stripe test keys, mail)	☐
4	Write the README: problem, features, screenshots, tech stack, architecture diagram, how to run, live link	☐
5	Record a 3-5 minute demo video following the demo script	☐
6	Post on LinkedIn; add the project to your resume	☐
7	Tag version v1.0 on GitHub	☐

Output of this phase

- Live website link
- Professional README and demo video
- Resume and LinkedIn entries

Done when (check before moving on)

Check	Passed
A friend can open the link on their phone, register, book, get a QR ticket and download a certificate	☐

Skills you practise

Deployment, environment configuration, documentation, presenting your work

Where your work goes

README.md, demo video, deployment settings

My notes
